your home, your new INVISI-GARD Security
products are protected by a 10 year Warranty.

INVISI-GARD

INVISI-SCAPE

EMERGENCY EGRESS SYSTEMS

What could be more important than security from intruders and thieves?

The security screens that you fit to keep intruders outside could actually keep you inside in the event of a fire or emergency situation. INVISI-SCAPE Emergency Egress Systems provide simple, keyless, one handed unlocking of the window security screen from the inside. Once unlocked, the security screen then hinges or slides open to allow a path of escape.

An additional benefit of fitting an INVISI-SCAPE screen to your window is the ease of cleaning and in the case of accidental breakage, replacement of the window glass. Fixed security screens make effective cleaning of the window glass almost impossible. INVISI-SCAPE screens will hinge or slide open to give total access to the window glass for cleaning or replacement.

The minimal frame dimensions of INVISI-SCAPE screens ensure that maximum viewing area is retained, this is further enhanced by the clarity of vision through the 316 Marine Grade Stainless Steel Security Mesh.

INVISI-SCAPE Emergency Egress Systems
Clearly The Best Hinged And Sliding Security Screens.
